

At 21 years of age, Cross has become one of the future prodigies of the Electro House music genre bringing the sound back with his new vibes – both at raves and clubs.

**1. He would like you to stop asking who is behind the mask!**

“I get asked a lot who are you and why are you wearing the mask but the whole idea behind the mask is that my identity is not known to the public because of two reasons, the first is that I want you to focus on my music and not judge me by my appearance because anyone could be behind the mask and secondly I like my privacy hahaha...”

**2. He loves Electro, but he doesn't mind other genres.**

“I pretty much like anything to be honest apart from classical music.”

**3. He is good at music but it's just a hobby to him.**

“Yeah I like making music and DJing at clubs and rave but I don't see me doing that in 10, 20 years.”

**4. He likes to chill.**

“When I'm not working on my music, I chill with my friends – It's proper fun. I'm mad about raving at the moment. If I'm not making music I'm raving or chilling with me friend, but to be honest I'm making music most of the time.”

**5. He doesn't believe in God.**

“I 100% don't believe in God – I am happy to be where I am at the moment in my career. I hustled and struggled, and then I guess things started moving and now I'm here. It was all my work not God's.”
